For the Sake of Peace

**Here I stand with treasured friends
For the future of our land
Thanks to those who led the way
In our hearts, here today**

**Reaching out to cherish life
In these dark and troubled times
With the flame of hope held high
Noble dream to realise**

**Build a new life
For the sake of peace
And I will not fail
For the sake of peace**

**As I brave each raging storm
I go deeper, I grow strong
Climbing on towards the sun
Hear my cry, 'I have won'**

**Build a new life
For the sake of peace
And I will not fail
(For the sake of peace)**

**Build a new life
For the sake of hope
And I will not fail
For the sake of peace**
